

Baltimore County Public Schools

Good Evening Sandy Plains Families,

This is Mr. Harrington with the weekly message.

School News

- Starting tomorrow, the BCPS Stakeholder Survey will be open. The survey will remain open until Friday, March 3rd. The results from this survey are used to continue to improve Baltimore County Public Schools. The survey takes about 5 minutes and can be found on the BCPS homepage at www.bcps.org. We will also have computers available in our lobby for parents to take the survey.
- This Tuesday, we will begin a parent workshop series to provide parents with strategies to use at home to help their student continue to improve in reading. On Tuesday, our parent workshop will begin at 3:45pm and last until 4:30pm. This series will take place every two weeks and will focus on reading strategies to use with students at home. We hope many families can attend for the first part of this reading workshop series on Tuesday.
- During dismissal, our primary importance is to help students get home safely. Please remind your students to only walk across the street at marked crosswalks and to follow the directions of the crossing guards. This will help to keep all students safe. Thanks for your support in this important matter.
- Starting with 2nd marking period grades, we will be changing the structure of how awards are presented to students. We will not be having a 2nd quarter awards assembly as awards will now be given to students in their homerooms. We understand that this is a change, however we will still be honoring students for their hard work and accomplishments within a different structure. Students can still earn the same awards and they will continue to be given awards certificates. Thanks for your understanding with this change.
